

Healthy Diet

One "More" Three "Less" I Can Do It

• More Fibre

• Less Oil

• Less Sugar

• Less Salt

Choose Properly Eat Healthily

Food Pyramid

Each kind of food provides various nutrients that our bodies need. We should take food according to the proportion indicated in the "Food Pyramid" and take 6 to 8 glasses of fluids (including water, plain tea, clear soup and suitable amount of fresh fruit juice etc.) to promote our health.
