Dear Parents/Guardians,

Student Health Service **Enrolment Exercise 2026/27**

Student Health Service aims to safeguard the physical and psychological health of students through health promotion and disease prevention services, enabling them to gain the maximum benefit from the education system and develop their full potential. The scope of service includes health assessment (physical examination, growth and puberty assessment when necessary), individual health counselling and health education. You may also refer to our webpage (www.shs.gov.hk/healthprog.pdf) for details of our health programmes. It is free of charge for students who are “eligible persons” (Please refer to the “Notes for Parents/Guardians” for details on eligibility).

We are now conducting enrolment exercise for the 2026/27 school year. The annual health assessment is available to all primary and secondary day school students, with the service period spanning from November 2026 to October 2027. We cordially invite your child to participate. Please refer to the details below:
